

A Community Engagement Conference

COLLABORATIVE | CONNECTIONS for a resilient future

Are you continually asked to do more with less resources? What roles do meaningful partnerships play in creating a sustainable future for your organization and continued service within the community? Collaboration is key to answering these questions plus many more.

Join in the conversation for new ideas to foster social cohesion and develop strategic and reciprocal partnerships for goal attainment. Bridging communications among public, private, and nonprofit organizations is paramount to understanding the efforts in progress, availability of financial and social resources, and other areas in need of service.

CONFERENCE SCHEDULE

8:00-8:30 AM Networking over coffee

8:30-8:45 AM Opening Welcome

8:45-10:15 AM

Dr. Mike Stout

Building Social Capital for Sustainability

Examine the human and organizational resources that are critical in developing stronger cross-community structures and leadership skills. Any organization can incorporate practices into their work to expand social capital and thus contribute to a more resilient and sustainable future for both the organization and the community.

10:30-11:30 AM

Panel Session: Sustainability Through Collaborative Resources and Partnerships

11:30-12:00 PM

Lunch provided

12:00 – 1:30 PM

Social Capital in Action: Ideas in Conversation

Facilitators: Dr. Mike Stout, Dr. Kathy Nurdyke, Alex Johnson

A robust discussion to connect ideas and resources among community professionals and university colleagues for collaborative opportunities.

PANELISTS

Panelists represent collaborations from Prosper Springfield, Northwest Project, Doling Neighborhood Assoc., MSU Grant Writing Service-Learning, Springfield R-12 Robberson Community School, Lebanon R-3 and the MSU Center for Community Engagement.

The conference format includes both information giving and facilitated open dialogue. Successful collaborations/partnerships will be shared as well as an array of key resources that are available to service sectors throughout southwest Missouri communities.

Community Engagement Conference

Open to all interested in creating collaborations among community services and resources.
